Overall Length:

2.952 inches

Tubing Outside Diameter:

0.030 inches

Capacity Rating:

30.000 microliters

Color Coding:

Clear

Features Provided:

Capillary at graduation mark and disposable and heparinized

Primary Container Type:

Package

Primary Container Unit Quantity:

100

Product Name:

Tube capillary bld smpl k23 open ends 30mcltr heparinized 100s

Special Features:

Used w/reflotron pipettor p/n 832359

Material:

Glass

Material:

Glass

Style Designator:

Capillary open ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24200
