Overall Height:

295.0 millimeters

End Application:

Automated surface observing system (asos)

Capacity Rating:

250.000 milliliters

Graduation Marking Method:

Molded

Special Features:

Molded fade-proof graduations, with 250ml capacity, with 2ml subdivisions, round

Material:

Plastic, polymethyl pentene

Material:

Plastic, polymethyl pentene

Style Designator:

Cylindrical form

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
