**Overall Height:**

295.0 millimeters

**End Application:**

Automated surface observing system (asos)

**Capacity Rating:**

250.000 milliliters

**Graduation Marking Method:**

Molded

**Special Features:**

Molded fade-proof graduations, with 250ml capacity, with 2ml subdivisions, round

**Material:**

Plastic, polymethyl pentene

**Material:**

Plastic, polymethyl pentene

**Style Designator:**

Cylindrical form

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24200
