Overall Height:

85.0 millimeters

Overall Outside Diameter:

30.0 millimeters

Product Name:

Flask culture glass e28 threaded mouth mycoflask design

Special Features:

Mycoflask design; double flat-sided glass bottle; 85mm length; 30mm o/a; threaded mouth; 16mm mouth opening; used with mycosel agar medium for the isolation of pathogenic fungi from materials having a mixed flora of other fungi and bacteria; unit issue pg of 10

Material:

Glass

Material:

Glass

Style Designator:

Threaded mouth

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24200
