Overall Height:

10.000 inches

Overall Width:

8.000 inches

End Application:

Designed for high volume air samplers (tsp)

Product Name:

Filter glass fiber 8x10in binderless glass 100s

Special Features:

Binderless glass fiber filter media, assures accurate analysis of atmospheric conditions; unit q type 100

Material:

Glass fiber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
