Overall Height:

10.000 inches

Overall Width:

8.000 inches

End Application:

Used exclusively for pm10 sampling to comply with us epa requirements

Product Name:

Filter gqma quartz 8x10in ultra-pure

Special Features:

Ultra-pure quartz fiber filters do not absorb with artifacts (sulfates and nitrates) from the ambient air, is extremely low in heavy metal content while offering the high filtration efficiencies, contains no alkaline earth elements where acidic gases are encountered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
