Filtering Material Design:

Thin

Filtration Rating In Microns:

2.0 absolute

Grid Markings:

Not included

Filtering Area:

40.0mm

Rim Mounted Feature:

Included

Absorbent Pad:

Not included

Product Name:

Disk filtering microporous 40mm filter area 50s

Special Features:

Used on sequential ambient air monitoring system; polytetrafluoroethylene filter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-b
