**Filtering Material Design:**

Thin

**Filtration Rating In Microns:**

2.0 absolute

**Grid Markings:**

Not included

**Filtering Area:**

40.0mm

**Rim Mounted Feature:**

Included

**Absorbent Pad:**

Not included

**Product Name:**

Disk filtering microporous 40mm filter area 50s

**Special Features:**

Used on sequential ambient air monitoring system; polytetrafluoroethylene filter

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T269-b
