Overall Length:

Any acceptable

End Application:

Nasopharyngeal sampling, male urethral, ear, nose, throat and eye specimen collection

Unit Package Quantity:

50

Unit Package Type:

Package

Applicator Material:

Polyurethane sponge

Top Inside Diameter:

Any acceptable

Err Default:

Err default

Features Provided:

Sterile

Product Name:

Tube biological culture sampling ster plas self contained 50s

Special Features:

Self contained cultureswab system consisting of plastic tube, transport medium and swab with integral lid; polypropylene tube contains polyurethane sponge impregnated with liquid stuart medium; preattached patient data label and tamper evident seal; extra long flexible twisted wire shaft

Material:

Plastic, polypropylene

Material:

Plastic polypropylene

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T399-a
