**Overall Length:**

5.433 inches

**Capacity Rating:**

3.000 milliliters

**Features Provided:**

Disposable and sterile

**Primary Container Type:**

Package

**Primary Container Unit Quantity:**

500

**Scale Portion Outside Diameter:**

4.7 millimeters

**Product Name:**

Pipet transfer plas m22 heat sealed 3ml cap disp ster i.W. 500s

**Special Features:**

Heat sealed to create liquid-tight storage vessels that can be safely frozen or transported; easier and safer to discard-incinerate or bag them as biohazard waste

**Material:**

Plastic

**Style Designator:**

Expanded mouth serological

**Supplementary Features:**

Disposable pipets individually wrapped

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A24200
