Overall Height:

6.800 inches

Overall Length:

10.400 inches

Overall Width:

12.800 inches

Current Type:

Ac

Inside Width:

11.800 inches

Inside Length:

9.500 inches

Cover Quantity:

1

Cover Type:

Gable

Capacity Rating:

Between 6.000 liters and 8.000 liters

Product Name:

Water bath electric 5.2gal 18.5in o/a lg crs 120v 560watts

Special Features:

Working length to controller 4.5 inches; working depth min 100 inches maximum 130 inches; pressure circulating pump and a rugged, splash proof case, designed to fit into the insulated bath, which is made of a stainless steel interior and baked enamel exterior case; temperature range: ambient to 95 degrees c with a stability at 40 degrees c; controlled by a thermistor temperature sensor

Material:

Steel, corrosion resisting

Material:

Stainless steel

Shape:

Square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-j
