Overall Height:

90.0 millimeters

Overall Diameter:

190.0 millimeters

Product Name:

Cartridge respirator air filtering gas/vapor90mm h 190mm o/a diameter 20s

Special Features:

Weight 320 g; combination gas/vapor removing and particulate filtering cartridge; p100 particulate level protection as well as protection against organice vapor, ammonia, chlorine, hydrogen chloride and methylamine; reduces stress by providing a low breathing resistance; durable chemical resistant design

Material:

Reinforced polyamide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
