Capacity Rating:

100.000 milliliters

Primary Container Unit Quantity:

1

Graduation Marking Method:

Molded

Product Name:

Beaker polypropylene 100ml graduations in liters & ml

Special Features:

Shatterproof, heavyweight with molded in handle and pour spout; tall form; chemical resistant; molded in graduations in liters and milliliters; autoclavable

Material:

Plastic, polypropylene

Material:

Plastic polypropylene

Style Designator:

High w/spout

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24200
