Overall Height:

9.000 inches

Overall Width:

2.750 inches

End Application:

Standard manifold system

Unit Package Quantity:

2

Accessory Components And Quantity:

Membrane filter1; rubber stopper connector1

Unit Type:

Fixed angle

Grid Markings:

Included

Load Capacity:

300.0 milliliters

Absorbent Pad:

Not included

Special Features:

Auto clavable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-b
