End Application:

Individual pcr tubes

Features Provided:

Nonsterile

Primary Container Type:

Package

Primary Container Unit Quantity:

96

Product Name:

Volume 0.2 ml; flat cap style

Material:

Plastic, polypropylene

Material:

Plastic polypropylene

Style Designator:

Beaded rim conical bottom

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
