Overall Height:

7.500 inches

Overall Width:

4.800 inches

Frequency Rating:

50.0 hertz

Overall Diameter:

6.500 inches

Interval Timer:

Included

Voltage Rating:

230.0 volts

Holder Type:

Cup

Holder Capacity:

12 microtubes

Product Name:

Cell disrupter genie

Special Features:

Agitates and vortexes up to 12 microtubes; used for cell disruptions/homogenizations of yeast cells, bacteria plant and animal tissue and pellet resuspensions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-g
