End Application:

Used on petroleum quality analysis system, nsn 6640-01-501-2726 (pqas)

Product Name:

Flask 2 liter w/tubulation

Special Features:

With added protection of a pvc coating to reduce chance of breakage; graduated to show approximate capacity; tubulation o.D. Is 1/2 in. On 2000 ml size; uncoated tubulation allows easy connection of standard size tubing

Material:

Glass, borosilicate

Material:

Glass, borosilicate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
