Overall Length:

6.102 inches

End Application:

Laboratory use

Scale Marking:

0.0ml to 1.0ml and so on

Capacity Rating:

5.800 milliliters

Color Coding:

Clear

Features Provided:

Disposable and individually sealed

Primary Container Type:

Case or package

Primary Container Unit Quantity:

1

Graduation Marking Method:

Molded

Total Primary Container Quantity:

500

Product Name:

Graduated transfer pipet

Special Features:

Individually wrapped 1 each sterile; 500 individual per package and 5000 per case

Material:

Plastic polyethylene

Style Designator:

Transfer one piece w/molded bulb

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
