**Overall Length:**

6.102 inches

**End Application:**

Laboratory use

**Scale Marking:**

0.0ml to 1.0ml and so on

**Capacity Rating:**

5.800 milliliters

**Color Coding:**

Clear

**Features Provided:**

Disposable and sterile

**Primary Container Type:**

Case or package

**Primary Container Unit Quantity:**

20

**Graduation Marking Method:**

Molded

**Total Primary Container Quantity:**

500

**Product Name:**

Graduated transfer pipet

**Special Features:**

Wrapped in sets of 20; sterile; 500 sets of 20 per package and 5000 per case

**Material:**

Plastic polyethylene

**Style Designator:**

Transfer one piece w/molded bulb

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A24200
