**Overall Height:**

21.500 inches

**Overall Width:**

14.000 inches

**Current Type:**

Ac

**Frequency Rating:**

Between 50.0 hertz and 60.0 hertz

**Voltage Rating:**

120.0 volts

**Power Rating:**

540.0 watts

**Capacity Rating:**

6.250 gallons

**Product Name:**

Dispenser wax paraffin 6.25gal capacity

**Special Features:**

Single phase voltage; current: 4.5 amps; clear lexan lid; built-in clock; non-drip spigot location designed to accomodate large vessels; depth: 16 in; microprocessor controlled temperature; default temp setting: 55 degrees c; maximum temp setting: 65 degrees c; approx.

Heat output: 1885 btu/hr

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T269-g
