Overall Height:

21.500 inches

Overall Width:

14.000 inches

Current Type:

Ac

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Voltage Rating:

120.0 volts

Power Rating:

540.0 watts

Capacity Rating:

6.250 gallons

Product Name:

Dispenser wax paraffin 6.25gal capacity

Special Features:

Single phase voltage; current: 4.5 amps; clear lexan lid; built-in clock; non-drip spigot location designed to accomodate large vessels; depth: 16 in; microprocessor controlled temperature; default temp setting: 55 degrees c; maximum temp setting: 65 degrees c; approx.

Heat output: 1885 btu/hr

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-g
