Tip Type:

Luer lock

Tip Material:

Plastic, polytetrafluoroethylene

Barrel Material:

Plastic, polymethyl methacrylate

Capacity:

1000.0 milliliters

Product Name:

Syringe gastight 1 liter polytetrafluoroethylene luer lock

Special Features:

Super gastight syringe, 1 liter; pfteluer lock (tll); tll connections; model s1000; no needle included; max. Pressure: 30 psig; use for air sampling, preparing gas standards, calibrating reservoirs, pneumographs, and spirometers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-b
