Universal Medical Device Nomenclature System Code:

15152

Product Name:

Incubator bacteriological 2ml vials 20 place dual heating

Special Features:

20 place; for 2 ml vials; dual heating block; use in conjunction with alkaline phosphatase kit and novalum; built-in timer; digital temperature sensor; heat resistant case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T269-e
