Overall Length:

15.6 inches

Overall Height:

8.75 inches

Overall Width:

13.7 inches

Wattage Rating:

8.0 watts

Voltage In Volts And Current Type:

230.0 ac

Special Features:

The wave length is 254 nm. Has large led display and touch panel. Has window in the door. Overhead ultraviolet supplies uniform uv. Crosslinking for attaching nucleic acids to a membrane in seconds. Sample tray is 11.25 by 11.5 inches.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
