Features Provided:

Autoclavable and disposable tip

Primary Container Type:

Dispenser

Primary Container Unit Quantity:

1

Special Features:

Tip holder and tip ejector are fully autoclavable; suited for small-volume dispensing of aqueous fluids of moderate viscosity and density

Material:

Plastic and stainless steel

Style Designator:

Disposable tip

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
