Environmental Protection:

Fungus resistant

Closure Fastening Type:

Pressure seal

Material Transparency:

Clear

Opening Location:

One end

Product Name:

Bag, sample, for microbeta trilux, 100/pk

Special Features:

Item used for direct counting of filters in microbeta trilux; samples are enclosed in the item allowing convenient and economical use of scintillant and minimizing disposal volumes also providing additional safety when handling biohazardous materials

Color:

Clear

Style Designator:

Flat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11100
