Overall Length:

9.5 inches

Overall Width:

8.25 inches

Separation Unit Type:

Conical

Maximum Speed Rating In Rpm:

6500.0

Product Name:

Spectrafuge 6c clinical laboratory centrifuge

Voltage In Volts:

120.0 or 230.0

Special Features:

Removable rotor; variable speed; timer from 30 seconds to 30 minutes, continuous, or momentary; locking lid; can be operated on a bench or in a cold room.

Supplementary Features:

For centrifuge 5ml, 7ml, 10ml, and 15ml tubes; supplied with 6 x 10/15ml rotor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T149-c
