Overall Height:

6.090 inches

Overall Width:

11.870 inches

Current Type:

Ac and dc

Mounting Method:

Panel

Case Material:

Plastic and steel

Case Surface Treatment:

Painted

Illuminated Feature:

Included

Operation Method:

Electronic operated

Timer Type:

Electrical

Control Type:

Toggle switch

Automatic Electric Circuit Control Switch:

Not included

Interval Expiration Signalling Device:

Not included

Independently Operated Clock:

Not included

Unpackaged Unit Weight:

10.000 pounds

Voltage In Volts:

115.0 or 28.0

Fsc Application Data:

U/o aircraft model no. A-7d

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T270-d
