Mounting Type:

Engine

Overall Depth:

2.875 inches

Overall Height:

2.650 inches

Overall Width:

5.312 inches

Case Material:

Aluminum alloy

Mounting Configuration:

Two 0.345 in. Diameter mtg holes spaced 2.719 in. C to c on engine mtg flange

Indicator Type:

Drum register

Measurement Unit:

Hours

Unit Type:

Mounted

Hermetic Protection:

Provided

Movement Type:

Mechanical

Smallest Increment Indicated:

1.00

Reset Feature:

Not provided

Maximum Measurement:

9999.00

Marking Color:

Black

Background Color:

White

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-r
