Overall Height:

3.870 inches

Current Type:

Dc

Overall Diameter:

1.710 inches

Mounting Method:

Surface

Case Material:

Any acceptable

Case Surface Treatment:

Any acceptable

Operation Method:

Electronic operated

Timer Type:

Electrical

Dc Operated Clutch:

Not included

Control Type:

Switch

Automatic Electric Circuit Control Switch:

Not included

Interval Expiration Signalling Device:

Included

Time Indicator Total Capacity:

5.0 sec

Independently Operated Clock:

Not included

Voltage In Volts:

28.0

Color:

Black, lusterless

Reference Number Differentiating Characteristics:

As modified by mfr source controlling dwg fscm 26512, no.A51e9119-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T270-d
