Terminal Quantity:

2

Terminal Type:

Wire lead

Mounting Type:

Conduit

Overall Depth:

3.281 inches

Overall Height:

5.875 inches

Overall Width:

5.500 inches

Current Type:

Ac

Case Material:

Plastic

Mounting Configuration:

Mtd by 0.500 in. Npt conduit

Indicator Type:

Drum register

Voltage Rating:

240.0 volts

Measurement Unit:

Hours

Unit Type:

Mounted

Operating Frequency:

60.0 hertz

Hermetic Protection:

Not provided

Movement Type:

Electrical

Smallest Increment Indicated:

0.10

Reset Feature:

Not provided

Maximum Measurement:

99999.90

Marking Color:

White numerals indicating hrs, black numerals indicating tenths of hrs

Background Color:

Black indicating hrs, white indicating tenths

Electrical Movement Type:

Synchronous motor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
