## NSN 6645-01-112-6373

Time Totalizing Meter - Page 1 of 2

**Terminal Quantity:** 

View Online at https://aerobasegroup.com/nsn/6645-01-112-6373

2
Terminal Type:
Hook
Mounting Type:
Flange
Overall Depth:
1.031 inches
Overall Height:
1.250 inches
Overall Width:
0.547 inches
Current Type:
Ac
Case Material:
Any acceptable
Mounting Configuration:
Four 0.120 in. Diameter mtg holes spaced 0.625 in. C to c
Indicator Type:
Drum register
Voltage Rating:
Between 23.0 volts and 29.0 volts
Measurement Unit:
Hours
Unit Type:
Mounted
Operating Frequency:
400.0 hertz
Hermetic Protection:
Provided
Movement Type:
Electrical
Smallest Increment Indicated:
0.10
Reset Feature:
Not provided
Maximum Measurement:
999.90
Marking Color:
White numerals for hours, red numerals for tenths
Background Color:
Black background on hr wheels, white background on tenths wheel
