Terminal Quantity:

2

Terminal Type:

Hook

Mounting Type:

Flange

Body Diameter:

1.250 inches

Current Type:

Dc

Mounting Configuration:

Two holes, 0.120 dia. Spaced 1.040 in. Apart, upper right and lower left configuration

Voltage Rating:

Between 11.9 volts and 12.1 volts

Measurement Unit:

Hours

Unit Type:

Portable

Mounting Flange Diameter:

1.250 inches

Hermetic Protection:

Provided

Movement Type:

Electrical

Reset Feature:

Not provided

Marking Color:

White numerals for hrs. On black background, tenths of hrs. Red on white background

Electrical Movement Type:

Motor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-r
