Terminal Quantity:

2

Terminal Type:

Pigtail

Mounting Type:

Flange

Body Diameter:

2.203 inches

Current Type:

Ac

Case Material:

Plastic

End Application:

Missile, minuteman Igm-30

Indicator Type:

Drum register

Voltage Rating:

115.0 volts

Measurement Unit:

Hours

Unit Type:

Mounted

Mounting Flange Diameter:

2.500 inches

Operating Frequency:

60.0 hertz

Hermetic Protection:

Not provided

Movement Type:

Electrical

Body Depth:

2.750 inches

Smallest Increment Indicated:

0.01

Mounting Method:

Flush

Reset Feature:

Not provided

Maximum Measurement:

99999.90

Marking Color:

White markings

Background Color:

Black background

Electrical Movement Type:

Synchronous motor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T134-r
