End Application:

Automatic remote tracking system sm/gdw-15 (v) arts

Special Features:

3.500 in. H; irig b modulated serial time code dc level shift; 30 bit parallel bcd and pulse train outputs complete functional modularity and space for many optimal functions; contains rubidium oscillator which has high stability and low noise; provides time of year in seconds, minutes, hrs. And days for developing serial time codes, parallel outputs and pulse trains; c/o a chassis, front panel controls and displays and subpanel controls

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A32200
