Case Material:

Metal, corrosion resisting

Movement Type:

Continuous running

Escapement Type:

Any acceptable

Maximum Running Time:

24.0 hours

Winding Device Location:

Any acceptable

Nonmagnetic Characteristic:

Included

Hand Quantity:

2

Luminous Hand:

Not included

Jewel Quantity:

17

Movement Size Designation:

Any acceptable

Winding Method:

Self

Shockproof Feature:

Provided

Striking Mechanism:

Not included

Civil Date Indicator:

Not included

Correct Time Reset Type:

Stem

Stopwatch Feature:

Not included

Second Setting Feature:

Not included

Err Default:

Err default
