# NSN 6645-01-380-6111

Time Totalizing Meter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6645-01-380-6111

#### Case Material:

Aluminum alloy

Indicator Type:

Digital counter

## Measurement Unit:

Hours

### Unit Type:

Mounted

#### Hermetic Protection:

Provided

#### Movement Type:

Electronic

#### **Smallest Increment Indicated:**

1.00

#### **Reset Feature:**

#### Not provided

Maximum Measurement:

9999.00

#### **Criticality Code Justification:**

Feat

#### **Special Features:**

Nuclear hardness critical item; events counter for indicating high, low, or average power applied to the apu

#### Shelf Life:

N/a

#### Unit Of Measure:

---

#### Demilitarization:

No

#### Fiig:

T134-r
