Mounting Type:

Flange

Current Type:

Ac

End Application:

Control conso; osprey class mhc

Indicator Type:

Digital counter

Voltage Rating:

Between 102.0 volts and 128.0 volts

Operating Frequency:

400.0 hertz

Special Features:

Operating temp: -55 to +100 degrees c.; readout of meter shall be 9999 hours; m7793/8-001 supersedes and is a direct replacement for ms17325-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-r
