Current Type:

Ac and dc

Mounting Method:

Panel

Illuminated Feature:

Included

Operation Method:

Electronic operated

Timer Type:

Electrical

Luminous Numeral:

Not included

Luminous Hand:

Not included

Automatic Electric Circuit Control Switch:

Not included

Interval Expiration Signalling Device:

Not included

Dial Minimum Graduation:

1 sec; 1 min; 1 hr

Independently Operated Clock:

Not included

Display Type:

Light emitting diode

Voltage In Volts:

220.0

Special Features:

Single pull, double throw output relay; operating temperature minus 20 degc to plus 60 degc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T270-d
