Current Type:

Ac

End Application:

Washing machine

Operation Method:

Motor driven

Timer Type:

Electrical

Reset Type:

Manual

Automatic Electric Circuit Control Switch:

Not included

Interval Expiration Signalling Device:

Not included

Independently Operated Clock:

Not included

Product Name:

3 cycle timer

Voltage In Volts:

230.0

Frequency In Hertz:

50.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T270-d
