Mounting Type:

Panel

Current Type:

Ac

Case Material:

Plastic

Inscription Color:

White or red

Inscription Background Color:

Black or white

End Application:

Wp5000 contro; electric power generation system

Indicator Type:

Digital counter

Voltage Rating:

115.0 volts

Measurement Unit:

Hours

Unit Type:

Mounted

Hermetic Protection:

Provided

Movement Type:

Electrical and electronic

Reset Feature:

Provided

Maximum Measurement:

99999.90

Special Features:

Quartz-crystal for accurate timing in hours and tenths; frequency is 50 or 60 hz; temperature: -30 degrees c to +65 degrees c; 1/4 " male

blade terminals; round 3-hole bezel; nema rated gasket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T134-r
