**Diameter:**

1.320 inches

**Thickness:**

0.105 inches

**Bevel Depth:**

Between 0.005 inches and 0.010 inches

**Reflective Backing Material:**

White metal

**Reflection Reducing Surface:**

One

**Beveled Edge Location And Quantity:**

1 back outside edge

**Bevel Angle In Deg:**

45.000

**Special Features:**

0.128 in. Diameter hole in center

**Material:**

Copper

**Material:**

Copper

**Fsc Application Data:**

Guided missile remote control system

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T271-f
