Width:

2.625 inches

Thickness:

0.312 inches

Length:

3.260 inches

Bevel Depth:

0.500 inches

Reflective Backing Material:

Silver

Beveled Edge Location And Quantity:

2 short edges beveled

Bevel Angle In Deg:

45.000

Material:

Glass, dd-g-451, type 1

Material:

Glass plate

Material Specification:

Dd-g-451, type 1 federal specification single material response

Fsc Application Data:

Sight, m35, integrated with fire control equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-f
