Width:

2.060 inches

Thickness:

0.250 inches

Length:

3.630 inches

Bevel Depth:

0.031 inches

Reflective Backing Material:

Aluminized

Beveled Edge Location And Quantity:

4 edges beveled

Bevel Angle In Deg:

45.000

Material:

Glass, dd-g-451, type 1

Material:

Glass plate

Material Specification:

Dd-g-451, type 1 federal specification single material response

Fsc Application Data:

Periscope, integrated with fire control equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T271-f
