**Width:**

0.469 inches

**Thickness:**

0.063 inches

**Length:**

1.180 inches

**End Application:**

Mount, telescope, m145

**Bevel Depth:**

0.031 inches

**Reflective Backing Material:**

Chromium, qq-c-320, class 1, type 1

**Beveled Edge Location And Quantity:**

4 edges beveled

**Bevel Angle In Deg:**

45.000

**Material:**

Steel, qq-s-766, class 4, cond a

**Material:**

Steel comp 301

**Material Specification:**

Qq-s-766, class 4, cond a federal specification single material response

**Fsc Application Data:**

Mount telescope, t208

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T271-f
