Scale Calibration:

0 to 71.60 mils

Axial Thickness:

0.160 inches

Rim Finish:

Black painted

Graduations/markings:

Range scale

Ammunition Identification Inscription:

165mm-hep-m123e1

Material:

Glass optical

Style Designator:

Vertically graduated

Supplementary Features:

Material optical glass per mil-g-174, class 1, grade c, type 584-460

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A530t0
