Axial Thickness:

1.0 millimeters

Special Features:

Lens-field (element I)relay lens, 32.0mm dia.

Material:

Glass, optical, mil-g-174, class 1, grade a

Material:

Glass optical

Material Specification:

Mil-g-174, class 1, grade a military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-e

Mil-std (military Standard):

Mil-g-174 spec.
