**Width:**

4.725 inches

**Thickness:**

0.003 inches

**Length:**

6.000 inches

**Bevel Depth:**

0.120 inches

**Reflective Backing Material:**

Black oxide, mil-c-13924, class 4

**Reflection Reducing Surface:**

One

**Beveled Edge Location And Quantity:**

All four corners

**Bevel Angle In Deg:**

45.000

**Material:**

Steel, qq-s-766, class 302, cond a

**Material:**

Steel comp 302

**Material Specification:**

Qq-s-766, class 302, cond a federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T271-f
