End Application:

4925-01-210-4561test set, optical simulator

Axial Thickness:

0.332 inches

Single Lens Style:

Meniscus diverging

Material:

Glass, optical, mil-g-174, class 1, grade a

Material:

Glass optical

Material Specification:

Mil-g-174, class 1, grade a military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-e

Mil-std (military Standard):

Mil-g-174 spec.
