**End Application:**

Sk 5840-01-229-1276 radar set

**Accessory Components And Quantity:**

Sun shade

**Scale Calibration:**

Graduations at 50, 100, 200, 400 yds. To infinity

**Bracket:**

Provided

**Focusing Type:**

Adjustable

**Optical Device Type:**

Lens

**Objective Aperture Diameter:**

2.0 inches

**Magnification:**

12.0x

**Straight Typelength:**

13.000 inches

**Scale Markings:**

Provided

**Special Features:**

Nitrogen pressurized for aligning radar antenna

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T271-a
